Preface:

- The Integreat Board and leadership team are in the process of reviewing and updating priorities established in previous strategic planning meetings.
- The process included a workshop (held last Saturday) to align the board on the strategic direction of Integreat.
- This workshop included a review of the Integreat values, vision, and mission.
- These were all reviewed and ratified by the Board.
- Today's workshop is about:
 - Sharing the outcomes of that workshop, to keep everyone informed.
 - Asking for feedback and ideas on how you can be part of operationalising the strategy.
 - Having fun with some team building activities.
- At the end of the workshop, we hope to have some goals and objectives from the team
- We hope that you get to know each other a little more.
- We hope that everyone understands how important they are to the future of Integreat.

Purpose:

The purpose of this series of workshops is to answer the question:

“Align the strategy with the operations, and have some fun doing team building at the same time”

Process:
